

Rocking with Rock at the California Book Festivals

West Coast Readers Endorse EROTIC FIRE as "BEST BIOGRAPHY OF THE YEAR"

Rock Hudson! He's Back, & California Loves It!

In a State that's famous for its promiscuity, there are probably more stories about the indiscretions of movie stars than anywhere else in the world. BUT, as announced by two of the Golden State's premier book festivals, both NORTHERN and SOUTHERN CALIFORNIA applaud Blood Moon's exposé of ROCK HUDSON as BEST BIOGRAPHY of the year

Blood Moon produces its award-winning biographies at Magnolia House.

DECEMBER, 2017 FOR IMMEDIATE RELEASE: NEWS About How America Interprets its Celebrities.

Blood Moon, a distinguished independent press based within MAGNOLIA HOUSE on Saint Marks Place in Saint George, on Staten Island, proudly announces the designation of its recent biography of movie legend and superstar ROCK HUDSON as a winner ("BEST BIOGRAPHY") at TWO of the Golden State's most prestigious literary competitions, the NORTHERN CALIFORNIA and the SOUTHERN CALIFORNIA BOOK FESTIVALS.

According to its publisher, Danforth Prince, "These are coveted honors of pervasive interest to the writers, filmmakers, documentarians, and politicians working in CALIFORNIA, the show-biz capital of the world. As such, we are deeply grateful for this recognition from the literary critics of both the Northern and Southern parts of that state."

The book's senior co-author, Darwin Porter has already chronicled the lives and indiscretions of some 50 celebrity legends, including Ronald Reagan and his wives; Donald Trump; the Clintons; and Jack and Jackie Kennedy. They've also explored the indiscreet, scandal-soaked careers and private lives of screen icons Elizabeth Taylor, Marilyn Monroe, Peter O'Toole, James Dean, Marlon Brando, Frank Sinatra, Steve McQueen, Linda Lovelace (arguably the most misunderstood Porn Queen of all time), The Gabor Sisters (remember Zsa Zsa? Remember Eva?) and dozens of others.

The release of this book as a commemoration of the 32nd Anniversary of Rock Hudson's death from AIDS has already been reviewed by the *Midwestern Book Review*, *California Book Watch*, *KNEWS RADIO*, the *New York Journal of Books*, and the editors at the most popular Seniors' magazine in Florida, *BOOMER TIMES*.

[Commentaries and sound-tracks of each of the reviews, or the interviews themselves, have each been archived on the OUR BOOKS page of Blood Moon's website, www.BloodMoonProductions.com.]

Another Outrageous Title in Blood Moon's Babylon Series

IN THE DYING DAYS of Hollywood's Golden Age, Rock Hudson was the most celebrated phallic symbol and lust object in America. For seven years, he was the most consistently profitable movie star in the world.

This book describes his rise and fall, the Entertainment Industry that created him, and how he handled himself as a closeted but promiscuous bisexual during an age when EVERYBODY tried to throw him onto a casting couch.
