

**LIVE FAST! DIE YOUNG! ENTERTAINMENT
NEWS FROM BLOOD MOON PRODUCTIONS
JAMES DEAN GETS RELEASED
HE'S COMING!! NEW FROM BLOOD MOON**

AFTER A FAST LIFE AND A VIOLENT EARLY DEATH, James Dean emerged from Hollywood in the 1950s as America's 2nd-most famous icon, with a "celebrity quotient" that's surpassed only by that of Marilyn Monroe.

On May 1, 2016, in commemoration of the 60th anniversary of his violent death, Blood Moon Productions has scheduled a **RELEASE** of the most startling, unapologetic overview of James Dean's life ever published.

According to Blood Moon's president, **Danforth Prince**, "This book will be released into a landscape where **NO ONE** has ever delivered a comprehensive, unapologetic overview of the brilliantly talented but emotionally disturbed farmhand from Indiana who maneuvered, manipulated, and seduced his way to the highest levels of media 'immortality.' We're genuinely honored that its merits have already been recognized with a critical review from a respected book reviewer, two distinguished literary awards (see below for more information) and about a dozen news reports from mainstream newspapers and tabloids."

REVIEWS for JAMES DEAN:

from *The Midwest Book Review*:

"*James Dean: Tomorrow Never Comes* arrives on the 60th anniversary of the violent death of a young star that became a legend, but if readers who are prior fans of other James Dean biographies expect this to be another rehash of information, they'd be happily mistaken.

Much of its information has never been published before, because it offers new unauthorized details, uncensored information, and also includes powerful, in-depth analysis of a supporting cast of contemporaries. Insights from a closeted TV producer who first discovered James Dean, and others who interacted with him and often suffered from his mental swings and murky sexual explorations add to and expand the existing popular literature on this icon.

From Dean's early TV career and his involvements with other actors and actresses to the truths about his sexual liaisons, the parade of women who marched into and out of his life, and his frustrations in the industry, *James Dean: Tomorrow Never Comes* makes for a vivid read especially recommended for prior fans of Dean's life and times.

Be forewarned: this audience shouldn't expect a light coverage. The in-depth survey, with its amazingly large cast of contemporaries and characters, myths refuted and realities explored, and high-octane drama packs in over seven hundred pages of detail, which may look daunting, but which offer a rollicking good read.

With so many facts and insights packing its pages, *James Dean: Tomorrow Never Comes* is a highly recommended book for any who would uncover more facets of the life and times of James Dean.

DOUBLE-BARRELED "BEST BIOGRAPHY" AWARDS for JAMES DEAN

Based on its submission as bound galleys, prior to publication, *James Dean, Tomorrow Never Comes* was designated as **BEST BIOGRAPHY** at both **The Los Angeles Book Festival 2016** and **The Pacific Rim Book Festival 2016**, "based on its ability to attract a larger audience among film enthusiasts and cultural historians." These awards will be presented at gala ceremonies in Los Angeles (April 2) and Honolulu (sometime in May).

THIS BOOK HAS ALREADY GENERATED ENORMOUS MEDIA ATTENTION: HERE'S WHAT APPEARED ABOUT IT BEFORE IT WAS PUBLISHED:

Blood Moon Productions is a feisty and independent publishing enterprise dedicated to researching, salvaging, and indexing the oral histories of America's entertainment industry. As described by *The Huffington Post*, "Blood Moon, in case you don't know, is a small publishing house on Staten Island that cranks out Hollywood gossip books, about two or three a year, usually of five-, six-, or 700-page length, chocked with stories and pictures about people who used to consume the imaginations of the American public, back when we actually had a public imagination. That is, when people were really interested in each other, rather than in Apple 'devices.' In other words, back when we had vices, not devices."

James Dean—Tomorrow Never Comes

Biography/Rich & Famous. 6x9 Softcover, with photos. 744 pages \$28.95 ISBN 978-1-936003-49-5
