

## BOOK REVIEW NEWS

# Peter O'Toole:

They loved him in London,  
They adored him in Hollywood,

and now, they've reviewed him critically in  
**THE MIDWEST BOOK REVIEW:**

**BLOOD  
MOON**  
Productions, Ltd.

**FOR IMMEDIATE RELEASE:** Blood Moon's seminal biography of Peter O'Toole, the Anglo-Irish superstar described by some critics as the best actor of the 20th Century, has been critically reviewed by Diane Donovan, Senior Reviewer at the highly prestigious *Midwest Book Review*. Her text is replicated below:

***Peter O'Toole: Hellraiser, Sexual Outlaw, Irish Rebel***

**Darwin Porter & Danforth Prince**

**Blood Moon Productions**

**ISBN 9781936003457 Softcover, 6"x9", 632 pps with photos \$26.95 [www.bloodmoonproductions.com](http://www.bloodmoonproductions.com)**

"One might expect that *Peter O'Toole: Hellraiser, Sexual Outlaw, Irish Rebel* would hold the usual biographical survey of the actor's life and times; but in fact it's a story that offers something far greater: an analysis of O'Toole's life and career that features a new look at the actor's passion, controversies, and determination to 'raise hell'.

"Lest readers think this will be a rehash of prior biographies, it should be mentioned that *Peter O'Toole: Hellraiser, Sexual Outlaw, Irish Rebel* represents decades of research by writers who define their efforts as being steeped in media and celebrity stories - and therefore replete with the high tension, drama, and eye-popping gossip and grit of Hollywood's most outrageous moments and characters.

"So don't anticipate a casual coverage: it's an account of a hellraising, outrageous personality and is itself steeped in the culture it investigates, cultivating lively language, newly-revealed shocking truths, and passionate descriptions to capture the life and times of a film star who, according to Peter O'Toole, "...became the toast of international society. The decadent part, those who live just to fornicate on the Costa del Sol. It's the new gathering place for panty sniffers, child molesters, drunkards, prostitutes, pimps, gigolos, pillheads, and poon stalkers. I adore it. It seems that all the big names want to go to bed with me. A lucky few actually manage to accomplish that splendid feat."

"Outrageous? You bet. It's not for the morally faint - and that promises that *Peter O'Toole: Hellraiser, Sexual Outlaw, Irish Rebel* will be a frequent flyer out of library collections and film reference holdings alike."

### **MORE ABOUT THIS BOOK, AS FORMATTED ON YOUTUBE:**

**KNEWS, Southern California's News and Talk Radio**, discusses the role of Peter O'Toole as the stage and screen's most enigmatic Hellraiser. Bill Feingold interviews Danforth Prince about an actor whose first and last names EACH had phallic implications <https://youtu.be/t3oUJ356dhPI>
